## **Federal and Commercial Websites:**

- **Agency for Healthcare Research and Quality** (<http://www.ahrq.gov/>): The Agency for Healthcare Research and Quality (AHRQ) is the lead Federal agency charged with improving the quality, safety, efficiency, and effectiveness of health care for all Americans. As one of 12 agencies within the Department of Health and Human Services, AHRQ supports health services research that will improve the quality of health care and promote evidence-based decision-making.
- **HealthCare** (<http://www.healthcare.gov/>): HealthCare.Gov is a federal government Website managed by the U.S. Department of Health & Human Services.
- **National Center for Health Statistics** (<http://www.cdc.gov/nchs/>): As the Nation's principal health statistics agency, we compile statistical information to guide actions and policies to improve the health of our people. We are a unique public resource for health information - a critical element of public health and health policy.
- **Healthcare Financial Management Association** (<http://www.hfma.org/>): HFMA is the leading membership organization for healthcare financial management executives and leaders. It's more than 35,000 members value the Association's role as a respected thought leader on top trends and issues facing the healthcare industry.
- **Medical Group Management Association** (<http://www.mgma.org/>): MGMA is the premier membership association for professional administrators and leaders of medical group practices. Since 1926, MGMA has delivered networking, professional education and resources and political advocacy for medical practice management.
