

Scope Statement:

This section should detail the audience for this guide (ex- state agencies) and any specific instructions for using the research materials suggested below. These guides can be created for broad subject areas (i.e. "finance") or for a specific State Agency (i.e. Ohio EPA). Additionally, a note to inform the patron that they can contact the State Library for more information about available services, reference help and publications at 614-644-7051 or refhelp@library.ohio.gov would be helpful.

Electronic Collections:

- **OhioLINK- Electronic Journal Center (EJC):** Full text of 7000+ research journals.
- **Academic Search Complete (EBSCO):** Academic Search Complete provides access to more than 7,100 full-text periodicals, including more than 6,100 peer-reviewed journals. In addition to full text, this database offers indexing and abstracts for more than 11,200 journals and a total of more than 11,700 publications including monographs, reports, conference proceedings, etc. The database features PDF content going back as far as 1887, with the majority of full text titles in searchable PDF format.
- **Business Source Complete (EBSCO):** Business Source Complete provides full text journals in all disciplines of business, including marketing, management, MIS, POM, accounting, finance and economics. Additional full text, non-journal content includes financial data, books, monographs, major reference works, book digests, conference proceedings, case studies, investment research reports, industry reports, market research reports, country reports, company profiles, SWOT analyses and more.

eJournals/eBooks:

Title	Collection	From
Building Design	Business Source Complete (EBSCO)	2002

Journal of Housing and Community Development	Academic Search Complete (EBSCO)	1995
Journal of Public Works and Infrastructure	Business Source Complete (EBSCO)	2008
Professional Builder	Business Source Complete (EBSCO)	1999
Professional Contractor	Business Source Complete (EBSCO)	2007

Federal and Commercial Websites:

- **OSHA- Construction Industry** (<http://www.osha.gov/doc/index.html>): In an effort to help those in the industry identify hazards that may be causing accidents as well as provide training and other information, OSHA has organized the Construction Industry pages. Within this collection, you will find information on OSHA compliance including standard requirements for the Construction industry and agency policies, training and outreach material, contact information and information on the advisory committee on Construction Safety and Health (ACCSH).
- **Columbus's Green Building Forum** (<http://www.cgbf.org/>): The Columbus Green Building Forum is an organization dedicated to promoting energy-efficient and environment-friendly building practices in Central Ohio. We provide education to the building industry and participate in projects to create awareness in the general public. The Forum is Central Ohio's leader in providing educational opportunities to advance the principles and practices of sustainability.
- **EERE: Building Technologies** (<http://www1.eere.energy.gov/buildings/>): The Building Technologies Program (BTP) funds research and technology development to reduce commercial and residential building energy use.
